Für die Nutzung von Künstlicher Intelligenz (KI) in Prüfungs-, Transfer- und Studienleistungen

Anfrage an folgende KI* (inkl. Abrufdatum)	Grund für die Verwendung der KI	Bewertung der Qualität des KI-Outputs	Verwendete Software und Versionsnummer
How does the method "case study" work?	get explanation on how a case study should be conducted	good quick overview of a typical case study approach	gpt 5.2
Is there any official literature on Cognitive Complexity from SonarQube?	find academic literature for the CC metric	misinterpreted the meaning of cognitive complexity and returned the wrong papers	gpt 5.2
Review the following time schedule for my thesis: ...	get recommendations on how to structure and plan each step of writing the thesis	helpful; identified weeks that are too tight and recommended more buffer times	gpt 5.2
Which benchmarking tool can I use to measure resource utilization of a single method or module in Rust?	find out best practice for measuring execution time	recommended the tool "criterion", which looks promising and was used for evaluation in the thesis	gpt 5.2
Recommend a tool for modeling my selected ISO criteria	find good tools for building a model	recommended some tools, but they were not useful for my specific use	gpt 5.2
Help me find a tool for planning my bachelor thesis	find structuring and planning tool for organizing tasks etc.	recommended some kanban tools like trello and jira, but they were overkill; decided to use obsidian instead	gpt 5.2
I will paste a question-answer pair from a raw transcript given in German. Summarize each question-answer pair using the following format: ...	cleanup transcript from filling words and get a condensed version of the content	good starting point, but needs supervision to avoid semantical errors	gpt 5.2
Write a typst snippet that chooses the nth capital letter of the alphabet	help for a formatting function used in the thesis heading	doesn't have enough context on the formatting language "typst", so the provided code doesn't work	gpt 5.2
