Für die Nutzung von Künstlicher Intelligenz (KI) in Prüfungs-, Transfer- und Studienleistungen

Anfrage an folgende KI* (inkl. Abrufdatum)	Grund für die Verwendung der KI	Bewertung der Qualität des KI-Outputs	Verwendete Software und Versionsnummer
Translate the following expert interview guide to english: ...	get an accurate translation of the original german expert guide	good basis but needs small tweaks to reflect the original meaning more accurately	gpt 5.2
How can I argue about a code modification I realized I should have made earlier, but I already collected the results?	get recommendation on a scientific way of presenting this shortcoming	provides good guidance for post-hoc reasoning	gpt 5.2
When I split my reference list in proper literature and grey literature, which list do my expert interviews belong to?	find out formal rules for citations	the provided rules sound logical but it is better to confirm with my supervisor again	gpt 5.2
Which chapter of my thesis requires which grammatical tense?	find out correct grammar rules for an english language thesis	provided unclear and contradicting results, so another google search is necessary	gpt 5.2
Which standard defines the BPMN notation?	find original source for BPMN	provided a standard book that is often cited according to google scholar	gpt 5.2
Compare zero-sized marker structs with full blown structs for the typestate pattern in Rust	technical explanation of the difference of these approaches	interesting explanation, but it doesn't add much value to the actual goal of the thesis	gpt 5.2
Explain the statistical variables and plots on this report: ...	get an explanation on the statistical evaluation from the benchmark	valuable explanation; this allows me to decide which variables and plots are relevant for my results chapter	gpt 5.2
Transform the values from this raw JSON data to a markdown table, and only include the following metrics:	reformat raw result from static code analysis tool	the numbers are correct; quick way of saving manual copy paste effort	gpt 5.2
